

IMPORTANT - PLEASE READ

This licence incorporates a personal insurance and weekly benefit in the case of injury. Your personal insurance is invalid if you do not possess a current KE/HKK licence, and any claims you may have had would be invalid. It is recommended therefore that your KE/HKK licence be renewed before the expiry date.

HKK will not be held responsible or liable should your expired licence result in legal action against you. Incorrectly completed forms will be returned unprocessed. Applications received without an s.a.e. will be withheld until the end of the month, then sent to your club secretary.

Should your licence be expired, any grade awarded to you during the expired period will not be recognised.

If you are an instructor with an expired or suspended licence, any grades awarded by you to any HKK member will not be recognised and will be declared void.

If unlicensed, you are not a member of HKK and therefore cannot train or instruct.
